

We have received hundreds of inspiring letters from throughout the world. Many have expressed a "goose-bump" sensation. It has been a very humbling and we are blessed in being a part of this visual ministry.

These are just a few examples:

All these prints add a feeling in my room, that I can't describe. My favorite is "The Lord is My Shepherd." Korea

Dear Mr. Davis

My husband is a NYC firefighter. Your images of firefighters in your picture is extraordinary. I gave my husband two of your pictures for Christmas.

After losing about 40 or so good friends in the WTC attacks, not to mention 343 brothers, your pictures were a reminder of who is really in charge - Jesus Christ. Knowing that they are now with the Lord and that God is really our lifeline, is a humbling experience.

May God Bless You and guide you to continue your work.

My dear friend and chief of my department, showed me your paintings and encouraged me to buy one,... died of a heart attack in the line of duty. I'll always miss my friend, but my paintings will always remind me of him! Alabama

Words cannot express how moving the prints are. They are so dynamic!

Dublin, Ireland

I want to thank you for the print "Blessed are the Peace Makers." It is a beautiful print and I have a special place to hang it my office.

Jim, I remember in school watching you sketch on note pads and marveled at your talent even then. I knew that one day you could put it to good use, but to combine it with your spiritual convictions is even a greater blessing.

Thank you again and keep up the good work.

L. Cogburn, Sheriff of Hardee County (A grade school classmate of the artist)

Dear Jim,

Chaplain \_\_\_\_\_ is still holding his own in his battle with cancer. His eyes water when we talk about your prints.

Jim,

I can't thank you enough for the pictures that you sent to me. You have a great talent and I thank you for sharing God's word through your paintings.

I was trapped in an apartment after the roof collapsed on me. I spent 13 days in the hospital recovering from 1st, 2nd, and 3rd degree burns to my face, arms, hands, legs and buttocks. Also, I cracked my knee cap when falling down the stairs. The doctors were so amazed with my recovery, but it is all because of the power of prayers. Many people from many denominations sent cards to me saying they were praying for me. And I truly believe that without them the outcome would be different,....

I take your pictures with me when I talk to groups of people about what the Lord had done for me. They are very inspiring to me and helps me share with others about God's love for us.

I am a training firefighter for the \_\_\_\_\_ County Fire Department here in \_\_\_\_\_ Georgia.

Your paintings have inspired me to pursue a career in firefighting.

They help inspire and provide assurance of His protective love. They are a beautiful interpretation of what matters most. Spotsylvania, VA

I am in the Air Force stationed in Saudi Arabia and saw your prints... They are beautiful. I can't wait to receive my order.

## ORDERING INFORMATION:

Order by phone, mail or web.  
If opted not to pay in advance, an invoice will be enclosed with the shipment.

Please make check or mail order (U.S. currency only) to:

**Jim Davis**

Average delivery is five working days.  
Corresponding prices includes shipping, handling, and taxes.

Call to check if overnight delivery is available, however there is an additional charge for this special shipping.

For orders outside the United States, please add \$15.00 for additional handling charges.

Specify print quantity along with the identified number or title of the print.

Mail orders to:  
**Inspirational Paintings**  
121 N. 4th Ave.  
Wauchula, FL 33873-2709

*"There are few atheists  
inside burning buildings!"*

These award winning paintings have caused more than one to express the "Goose-bump" sensation. These prints now adorn stations throughout the world. Many have used them as a direction of comfort during a difficult time. It is the artist's prayer that through these visual messages,... a casual observer will be mindful of what is "really" important or perhaps plant a seed of faith.

## Often asked, "What is the difference?"

**Artist Proofs (AP):** They are prints outside the standard edition which are intended for the artist's private collection and used as part of the original artist-publisher agreement. Often an artist will have prints pulled at the first run to check for register, color, contrast, and other desired quality. Usually less than 200 prints. AP are not always offered. Some professional collectors consider them to be more valuable because of the quality selection process. (When available, Inspirational Paintings charges \$10.00 more than the regular S/N prints.)

**Signed and numbered prints (S/N):** Limited Edition. Often desired by serious collectors. Sometimes a S/N print can increase in value.

**Overruns:** Normally just the print. It is not assigned a number. May or may not have an artist signature. It is often of a similar quality as the S/N or AP, however it rarely goes up in value. Relatively less expensive. (When available, Inspirational Paintings charges \$10.00 less than the regular S/N prints and generally comes with the artist initials.)

*If not listed or identified, call to confirm the availability of Artist Proofs and Overruns for a particular print.*

inside burning buildings!"*

Dear customer,

My family and I consider the paintings to be a visual ministry and we are very careful to give the credit to the Lord. It is a God given talent, where I often say that I merely hold the brush and He does the work. In light of this, we enjoy sharing a portion of the proceeds (and prints) to various departments, charities, fund raising events, and to the Lord's work.

"We know that all things work together for good for those that love the Lord..." Romans 8:28! While crossing a rope bridge on a Pacific Island during WWII my father fell into the river and his heavy gear carried him to the bottom. He was weak from malaria with high fever, and would have died but someone (a soldier he did not know - possibly an angel) jumped in and helped him reach the shore. The ripple effect of that kind and courageous act is still felt today... these paintings would not be possible if it was not for that "someone." Firefighters and other emergency workers often become that "someone"... they play an important role in what I call the Lord's "ripple effect"... an instrument in answering prayers.

I was blessed to have worked in three fire departments since 1971 (Wauchula, Orlando, and Winter Haven). A total of 41 years! During this time, in more than one daunting occasion, the Lord has reached his protective arms around me. Recently I retired as Deputy Chief from Winter Haven Fire Department. Currently I am coordinating the fire science program at Polk State College and continue to instruct fire students at Ridge Career Center.

I was born very poor, but rich in family love in rural Wauchula, FL (1952). I was blessed with great parents, Weita and Charles Davis; we lived next door to the fire department. My lovely wife to be, Elisabeth, lived only two blocks away, where her father responded as a volunteer firefighter!

A painfully slow start in grade school with some learning disabilities (Like Solomon, I often prayed to have wisdom). I was tone death to a degree where music all sounded alike. Consequently, dad use to joke that my singing sounded good under water. Much later in life I developed some unique coping skills or mnemonic techniques that would allow me to excel in higher education. Later I work on a PhD at University of South Florida; my dissertation is basically the only step in completing this degree.

I have never taken a painting class! Consequently I developed a unique style of painting outside the normal box. Instead of canvas, I use the back side of bathroom Masonite, which is smoother, stronger, and easier to store. I use inexpensive brushes and squeeze fast drying acrylics onto paper plates to mix my colors. My wife, Elisabeth has patiently modeled in hot bunker gear for some of the paintings. Each painting takes approximately 400 hours (I am slower than most artist!). Several of the paintings have won best of show in some state-wide contests. Numerous articles have been written concerning the prints and a few have appeared in European magazines. Some art instructors have expressed bewilderment at my unorthodox techniques; but this confounding approach is often how our Lord works! It is very humbling!

The letters received throughout the world have genuinely touched and blessed my family. (I know my older brother "Chuck," who died years ago, is proud of me!)

Just one of my prayers is that the paintings will help a small boy comprehend that it is very manly to love Christ! Also, that each lithograph will inspired or touch someone into seeing what is really "important"... the bigger picture.

Thank you and God Bless!

Jim Davis
